PROFILE

Motivated Computer Science student with a solid foundation in web development, specializing in HTML, CSS, and JavaScript. Experienced in creating and styling responsive web pages and developing interactive features to enhance user experience. Demonstrated ability to translate design concepts into functional web applications through hands-on projects. Adept at problem-solving, with a strong attention to detail and a commitment to staying updated with the latest web development trends. Eager to leverage my web development skills and passion for technology in a web development internship
